

Syllabus for VFX-478 – Compositing II

Course Information

Name: DIGITAL COMPOSITING II
Course #: VFX-378-801
Quarter: Winter 2016
Time: Thursday 17:45 - 21:00
Campus: LOOP
Room: 14 E. Jackson - Room 513
System: D2L

Instructor Information

Instructor: Savvas Paritsis (Assistant Professor)
MFA-NYU-Tisch School of the Arts
Office: Daley 205-D
Phone: 312-362-5857
e-mail: savvas@cdm.depaul.edu
Office hours: Monday 13:00 - 16:00
Advising hours: Thursday 13:00 - 16:00

Course Summary

This class offers advanced instruction in compositing for visual effects. We will recapitulate the fundamental concepts of compositing and will learn some advanced techniques and workflows for creating visual effects. In addition, we will:

- Analyze effects from Hollywood movies to illustrate the principles and practice
- Learn how visual effects fit into the post-production workflow
- Introduce the technical background necessary to deliver high-quality media

Learning goals

Upon successful completion of this course, students will be expected to:

- apply advanced compositing techniques, including Mocha for AE.
- plan and execute a Green Screen shoot.
- plan and execute a Visual Effects project, from conception to execution and delivery.
- deliver professional-level renders.
- Create, lead & oversee a Project Group.

Prerequisites

VFX 474

Grading

Please note that late assignments will not be accepted. You must submit on time, even if you are not able to come to class on that particular day. There are many ways to submit material online. Make sure to read and understand the notes provided in class.

- 1st Assignment 15%
- 2nd Assignment 25%
- Final Project 35%
- Attendance 25%

Textbooks

The main text of this course is based on:

After Effects Apprentice - Real World Skills for the Aspiring Motion Graphics Artist

- Publisher: Focal Press; 3 edition (August 23, 2012)
- ISBN-10: 0240817362
- ISBN-13: 978-0240817361
- Link: [After Effects Apprentice](#)

The lessons are also available on Lynda.com. To connect to Lynda.com, follow the link and log in with your Campus Connect ID: [Lynda.com Login](#)

In addition, we will use:

Creating Motion Graphics for After Effects - 5th Edition for AE CS5

- Publisher: Focal Press; 5 edition (June 18, 2010)
- ISBN-10: 0240814150
- ISBN-13: 978-0240814155
- Link: [Creating Motion Graphics with After Effects](#)

The students are encouraged to get both books.

Required Supplies: External Hard Drive

All our class exercises and home assignments deal with projects and media. It is the responsibility of the student to back up all projects & media. Do not leave your projects on the lab computer and always make sure to back up your portable drive to another drive back home. Please note: hardware problems are not acceptable as an excuse for late submissions.

Ideally, your drive should run at 7200 rpm, have a capacity of at least 500 GB (1 TB preferred) and have Thunderbolt and/or FW 800 connections. USB3 is marginally acceptable, USB 2 is not.

Week-by-week

Week 1 – Transparency, Roto Brush

Introduction, Recapitulation of Interface, Assignment #1

Week 2 – Expressions & Outputs

Assignment #1 delivery, Groups, Brainstorm ideas

Week 3 – Time & Compound Effects

Scripts for group projects, Assignment #2

Week 4 – Tracking A

Assignment #2 delivery, After Effects & Mocha AE

Week 5 – Tracking B

Advanced Stabilization, Mocha Shapes, Assignment #3

Week 6 – Keying A

Assignment #3 delivery, Advanced Keylight

Week 7 – Keying B

Alternative Keyers, Special Techniques, Assignment #4 (conditional)

Week 8 – 3D

Assignment #4 delivered, 3D & 3D Camera Tracker

Week 9 – 3D Cameras

Projects reviewed

Week 10 – 3D Lights

Final Project delivery

Course Policies

Changes to Syllabus

This syllabus is subject to change as necessary during the quarter. If a change occurs, it will be thoroughly addressed during class, posted under Announcements in D2L and sent via email.

Online Course Evaluations

Evaluations are a way for students to provide valuable feedback regarding their instructor and the course. Detailed feedback will enable the instructor to continuously tailor teaching methods and course content to meet the learning goals of the course and the academic needs of the students. They are a requirement of the course and are key to continue to provide you with the highest quality of teaching. The evaluations are anonymous; the instructor and administration do not track who entered what responses. A program is used to check if the student completed the evaluations, but the evaluation is completely separate from the student's identity. Since 100% participation is our goal, students are sent periodic reminders over three weeks. Students do not receive reminders once they complete the evaluation. Students complete the evaluation online in [CampusConnect](#).

Academic Integrity and Plagiarism

This course will be subject to the university's academic integrity policy. More information can be found at <http://academicintegrity.depaul.edu/>. If you have any questions be sure to consult with your professor.

Academic Policies

All students are required to manage their class schedules each term in accordance with the deadlines for enrolling and withdrawing as indicated in the [University Academic Calendar](#). Information on enrollment, withdrawal, grading and incompletes can be found at: <http://www.cdm.depaul.edu/Current%20Students/Pages/PoliciesandProcedures.aspx>

Students with Disabilities

Students who feel they may need an accommodation based on the impact of a disability should contact the instructor privately to discuss their specific needs. All discussions will remain confidential.

To ensure that you receive the most appropriate accommodation based on your needs, contact the instructor as early as possible in the quarter (preferably within the first week of class), and make sure that you have contacted the Center for Students with Disabilities (CSD) at:

csd@depaul.edu.

Lewis Center 1420, 25 East Jackson Blvd.
