STUDENT RESPONSIBILITIES – Each student is responsible for his/her time management and meeting the expectations in the syllabus. The instructor is not responsible for reminding students of assignment deadlines in class. In the event of an absence it is the student's responsibility to contact the instructor for details of the homework if 'assignment' is listed on the syllabus – you are still responsible for completing the assignment on time.

DEADLINES – Media production requires strict adherence to deadlines; therefore late assignments will not be accepted for grading, and written feedback will be given at the instructor's discretion. You will not be eligible for an 'A' in the class unless you turn in all assignments on time. Do not use class time to finalize your projects. **All assignments are due BEFORE CLASS.**

WRITTEN ASSIGNMENTS: Must be typed.

DIGITAL ASSIGNMENTS: All assignments handed in digitally must have a slate with your name and title of assignment.

SPECIAL ACCOMMODATIONS: If you have any special considerations please see the instructor.

BACK UP YOUR WORK: Failure of computer software and/or hardware will not be accepted as an extenuating circumstance for late projects or incomplete grades so back up your work daily.

WORKING IN GROUPS – For Production Assignments in this course you will be working in groups. A major component of film production is teamwork. In this course many of you will be working as a creative team for the first time. Most student teams work very well together. But sometimes personality conflicts or creative conflicts can arise. It is your job as a team to work through these conflicts, because if you don't, your project will suffer. If things get really difficult you can come to me as a team and I will help mediate/resolve the situation.

ATTENDANCE – Attendance and attention in class are mandatory. Any absence (missing more than 15 minutes of class time per session) will impact your grade. Anyone who misses 3 classes will automatically drop a letter grade. Anyone who misses 4 classes can automatically fail.

ILLNESS – Please do not attend class if you are ill (heavy cough, fever, vomiting) or think you might be coming down with something. If you show up visibly sick, you may be asked to go home. In order to prevent a consequence with the attendance and deadline policies, contact me by email prior to missing a class due to illness and continue to keep me posted until you return. As long as I am aware of your situation and you take an active role in catching up, absences may be excused and extensions may be granted. Every situation will be handled according to individual circumstance at the instructor's discretion. Absolutely no consideration will be given for those who request special treatment without advanced notice, even with a doctor's note.

SCREENS – Using computers, tablets or phones during class time is not allowed. Stow your phones in your bags. If I see them out I will ask you to put them away.

READING ASSIGNMENTS – The assigned readings offer an opportunity for independent learning that supplements the lectures. Lectures will introduce material not available in the readings, and the readings will explore concepts not mentioned in class.

FINAL FILMS & PRESENTATIONS – Students who are not prepared to present during the regularly scheduled time will receive a failing grade for the final unless they have contacted the instructor in advance to arrange to present early. Students

contacting the instructor after the final presentation will not be allowed to make-up the points for any reason.

CLASS DISCUSSION – Student participation in class discussions will be measured in two ways. First, students are highly encouraged to ask questions and offer comments relevant to the day's topic. Participation allows the instructor to "hear" the student's voice when grading. Secondly, students will be called upon by the instructor to offer comments related to the reading assignments. Students must keep up with the reading to participate in class discussion.

ATTITUDE – A professional and academic attitude is expected throughout this course. Measurable examples of non-academic or unprofessional attitude include but are not limited to: talking to others when the instructor is speaking, mocking another's opinion, cell phones ringing, emailing, texting or using the internet whether on a phone or computer. If any issues arise a student may be asked to leave the classroom. I will work with the Dean of Students Office to navigate such student issues.

CIVIL DISCOURSE – DePaul University is a community that thrives on open discourse that challenges students, both intellectually and personally, to be Socially Responsible Leaders. It is the expectation that all dialogue in this course is civil and respectful of the dignity of each student. Any instances of disrespect or hostility can jeopardize a student's ability to be successful in the course. I will partner with the Dean of Students Office to assist in managing such issues.

INSTRUCTOR AVAILABILITY – Please email any time you have a question or concern about the class. If you do not hear back from me within 24 hours, it means I did not receive your message so please check the address and contact me again. If you are unable to meet during my office hours, contact me to make other arrangements.

CHANGES TO SYLLABUS – This syllabus is subject to change as necessary during the quarter. If a change occurs, it will be thoroughly addressed during class, posted under Announcements in D2L and sent via email.

ONLINE COURSE EVALUATIONS – Evaluations are a way for students to provide valuable feedback regarding their instructor and the course. Detailed feedback will enable the instructor to continuously tailor teaching methods and course content to meet the learning goals of the course and the academic needs of the students.

Evaluations are a requirement of the course and are key to continue to provide you with the highest quality of teaching. They are anonymous; the instructor and administration do not track who entered what responses. A program is used to check if the student completed the evaluations, but the evaluation is completely separate from the student's identity. Since 100% participation is our goal, students are sent periodic reminders over three weeks. Students do not receive reminders once they complete the evaluation. Students complete the evaluation online in CampusConnect.

ACADEMIC INTEGRITY AND PLAGIARISM – This course will be subject to the university's academic integrity policy. More information can be found at <http://academicintegrity.depaul.edu/>. If you have any questions be sure to consult with your professor.

ACADEMIC POLICIES – All students are required to manage their class schedules each term in accordance with the deadlines for enrolling and withdrawing as indicated in the University Academic Calendar. Information on enrollment, withdrawal, grading and incompletes can be found at: <http://www.cdm.depaul.edu/Current%20Students/Pages/PoliciesandProcedures.aspx>

STUDENTS WITH DISABILITIES – Students who feel they may need an accommodation based on the impact of a disability should contact the instructor privately to discuss their specific needs. All discussions will remain confidential. To ensure that you receive the most appropriate accommodation based on your needs, contact the instructor as early as possible in the quarter (preferably within the first week of class), and make sure that you have contacted the Center for Students with Disabilities (CSD) at: csd@depaul.edu.
