**EVALUATION OF PROJECTS:**

**THOUGHT / RESEARCH:** This is the intellectual or conceptual component of a project. You might equate it with ‘art direction’ or ‘strategy’.

**STRUCTURE / FORM / RHYTHM / TIME:**

Your use of the basic ‘elements and principles of design as we say. How well you’ve managed to communicate the previous component. Sometimes we call these two aspects of our work: form and content.

**CRAFT / DETAIL:** Ability to follow project parameters and instructions. Attention to detail. Desire to have a clean edge, uniformity, clarity, and detail.

**PROCESS / EFFORT / PROFESSIONALISM:**

This is where we collect some aspects of our work that are perhaps a bit more intangible. Both ‘effort’ and ‘professionalism’ fall into this category. Your ability to show up to class on time, participate meaningfully in critiques, attempt things that seem beyond your reach, etc.

**COURSE POLICIES**

**ATTITUDE**

A professional and academic attitude is expected throughout this course. Measurable examples of non-academic or unprofessional attitude include but are not limited to: talking to others when the instructor is speaking, mocking another’s opinion, cell phones ringing, emailing, texting or using the internet whether on a phone or computer. If any issues arise a student may be asked to leave the classroom. The professor will work with the Dean of Students Office to navigate such student issues.

**CIVIL DISCOURSE**

DePaul University is a community that thrives on open discourse that challenges students, both intellectually and personally, to be Socially Responsible Leaders. It is the expectation that all dialogue in this course is civil and respectful of the dignity of each student. Any instances of disrespect or hostility can jeopardize a student’s ability to be successful in the course. The professor will partner with the Dean of Students Office to assist in managing such issues.

**CELL PHONES/ON CALL**

If you bring a cell phone to class, it must be off or set to a silent mode. Should you need to answer a call during class, students must leave the room in an undistruptive manner. Out of respect to fellow students and the professor, texting is never allowable in class. If you are required to be on call as part of your job, please advise me at the start of the course.

**LATE PAPERS/PROJECTS**

Late papers and projects are not accepted. If there is an emergency, proper documentation is required before the deadline.

**ATTENDANCE**

Students are expected to attend each class and to remain for the duration. Coming 15 minutes late or leaving 15 minutes early constitutes an absence for the student. Three absences for any reason, whether excused or not, may constitute failure for the course.

**COURSE POLICIES**

**CHANGES TO SYLLABUS**

This syllabus is subject to change as necessary during the quarter. If a change occurs, it will be thoroughly addressed during class, posted under Announcements on D2L and sent via email.

**ACADEMIC INTEGRITY AND PLAGIARISM**

This course will be subject to the university's academic integrity policy. More information can be found at <http://academicintegrity.depaul.edu/>. If you have any questions be sure to consult with your professor.

**ACADEMIC POLICIES**

All students are required to manage their class schedules each term in accordance with the deadlines for enrolling and withdrawing as indicated in the University Academic Calendar. Information on enrollment, withdrawal, grading and incompletes can be found at: [cdm.depaul.edu/enrollment](http://cdm.depaul.edu/enrollment).

**ONLINE COURSE EVALUATIONS**

Evaluations are a way for students to provide valuable feedback regarding their instructor and the course. Detailed feedback will enable the instructor to continuously tailor teaching methods and course content to meet the learning goals of the course and the academic needs of the students. They are a requirement of the course and are key to continue to provide you with the highest quality of teaching. The evaluations are anonymous; the instructor and administration do not track who entered what responses. A program is used to check if the student completed the evaluations, but the evaluation is completely separate from the student's identity. Since 100% participation is our goal, students are sent periodic reminders over three weeks.

Students do not receive reminders once they complete the evaluation. Students can complete the evaluation online in CampusConnect or alternatively, the instructor may select to provide in-class time for students to complete the evaluations.

**STUDENTS WITH DISABILITIES**

Students who feel they may need an accommodation based on the impact of a disability should contact the instructor privately to discuss their specific needs. All discussions will remain confidential. To ensure that you receive the most appropriate accommodation based on your needs, contact the instructor as early as possible in the quarter (preferably within the first week of class), and make sure that you have contacted the Center for Students with Disabilities (CSD) at: [csd@depaul.edu](mailto:csd@depaul.edu).
