Grading Policy

- Professional filmmakers must adhere to strict deadlines. Therefore students are expected to turn in all assignments by the established deadlines. **LATE WORK WILL NOT BE ACCEPTED.**
- Technological failure is not an excuse. Back up your work and do not leave your work until the last second! This is your warning ☺
- A = 100-95, A- = 91-94, B+ = 88-90, B = 85-87, B- = 81-84, C+ = 77-80, C = 73-76, C- = 69-72, D+ = 65-68, D = 61-64, F = 0-60. "A" indicates Excellence, "B" indicates Very Good, "C" indicates Satisfactory, "D" indicates Poor, "F" indicates the student has NOT accomplished the objectives of the course.

Project File Labeling Policy

- The producer of each group will submit all the group projects.
- Label all files as such (ex. Student is John Ford. He is submitting the "Directing" PROJECT): Ford_Directing
- Projects NOT labeled properly or submitted in any other format will be automatically rejected and a grade of zero will be automatically awarded. This is your warning!

Accepted Formats

- All motion pictures should be submitted in QuickTime format with H.264 codec.
- Text files must be submitted in a single PDF file only.
- All other file formats will be automatically rejected.

Assignment Submission Policy

- All work submitted for this class should be original work made specifically for this class. If you are found to be submitting work you have made for another class, you will be awarded zero credit for that particular assignment.
- The first project file that is submitted will be graded. Check and double-check the work you are submitting. Do not submit the wrong file, an incomplete file, a corrupted file, etc. Submit the correct project file by each deadline. Most work will be submitted through D2L Dropbox. Do not leave submission until the last second—upload several hours before the deadline to be safe! Again, no late work is accepted! It is your responsibility to always double-check that your file has been successfully uploaded to D2L.

Attendance Policy

Attendance and participation is mandatory. An absence, which is defined as not showing up to class or arriving more than 10 minutes late to class, constitutes a reduction in your overall grade. You are expected to be on time, and if you plan on missing or being late to a class are expected to e-mail the instructor before that particular class. The instructor reserves the right to determine whether an absence or tardy is "excused." Unexcused absences or tardiness will negatively affect your grade. Please see Course Policies as Suggested by the Dean of Students Office at the end of the syllabus to see how your grade will be affected. If you want to question a recorded absence or tardiness, it must be done within a week of the recorded occurrence.

Computer/Cellphone/i-Pad Electronic Device Policy

If you are using any personal or school electronic equipment during class, you will be asked to leave and will be counted as absent for that class.

Note on Requirements (and the Syllabus in General)

This syllabus is subject to change as necessary during the quarter. If a change occurs, it will be thoroughly addressed during class. **As a member of this class, you are required to know and follow the guidelines set forth on the totality of this syllabus.** These guidelines are established to ensure all students know what is expected of them, and so all students are treated equally by being held to the same standards.

Online Course Evaluations

Evaluations are a way for students to provide valuable feedback regarding their instructor and the course. Detailed feedback will enable the instructor to continuously tailor teaching methods and course content to meet the learning goals of the course and the academic needs of the students. They are a requirement of the course and are key to continue to provide you with the highest quality of teaching. The evaluations are anonymous; the instructor and administration do not track who entered what responses. A program is used to check if the student completed the evaluations, but the evaluation is completely separate from the student's identity. Since 100% participation is our goal, students are sent periodic reminders over three weeks. Students do not receive reminders once they complete the evaluation. Students complete the evaluation online in CampusConnect.

This course will be subject to the university's academic integrity policy. More information can be found at <http://academicintegrity.depaul.edu/>. If you have any questions be sure to consult with your professor.

Course Policies as Suggested by the Dean of Students Office

Attendance

Students are expected to attend each class and to remain for the duration. Coming 15 minutes late or leaving 15 minutes early constitutes an absence for the student. **The overall grade for Attendance & Participation drops one-third after any absence (50pts). Three absences for any reason, whether excused or not, may constitute failure for the course.**

Class Discussion

Student participation in class discussions will be measured in two ways. First, students are highly encouraged to ask questions and offer comments relevant to the day's topic. Participation allows the instructor to "hear" the student's voice when grading papers. Secondly, students will be called upon by the instructor to offer comments related to the reading assignments. Students must keep up with the reading to participate in class discussion. Attitude: A professional and academic attitude is expected throughout this course. Measurable examples of non-academic or unprofessional attitude include but are not limited to: talking to others when the instructor is speaking, mocking another's opinion, cell phones ringing, emailing, texting or using the internet whether on a phone or computer. If any issues arise a student may be asked to leave the classroom. The professor will work with the Dean of Students Office to navigate such student issues.

Civil Discourse

DePaul University is a community that thrives on open discourse that challenges students, both intellectually and personally, to be **Socially Responsible Leaders**. It is the expectation that all dialogue in this course is civil and respectful of the dignity of each student. Any instances of disrespect or hostility can jeopardize a student's ability to be successful in the course. The professor will partner with the Dean of Students Office to assist in managing such issues.

Cell Phones/On Call

If you bring a cell phone to class, it must be off or set to a silent mode. Should you need to answer a call during class, students must leave the room in an undistruptive manner. Out of respect to fellow students and the professor, texting is never allowable in class. If you are required to be on call as part of your job, please advise me at the start of the course.
