COURSE DESCRIPTION

This course is a beginning workshop in narrative film production. The course provides an introduction to the fundamentals of cinema, including camera and lens technology, composition, lighting, directing and sound recording. Utilizing digital technology, students will produce several films with an emphasis on visual storytelling and personal expression.

Prerequisites: None – *Given the online nature of this class, your ability to do your own editing work is paramount, as these will rarely be group assignments.*

LEARNING OUTCOMES

By the end of the course, students will be able to:

- Identify filmmaking roles from concept through completion (producing, cinematography, lighting, sound recording, directing).
- Create short fiction projects.
- Illustrate basic principles of collaboration.
- Apply visualization and organizational skills in developing film projects.
- Utilize cameras, lights, and field recording equipment.
- Critique peer work constructively.

This is a hybrid online course with both synchronous and asynchronous components – lectures are pre-recorded, and live online sessions will allow students to discuss and engage with the topics and assignments.

REQUIRED TEXTS

DESIRE2LEARN (D2L): Additional readings and weblinks will be posted on D2L, and lectures will be posted on Panopto. *Any element will be denoted as mandatory or not by whether or not there is a completion checkmark icon next to the link.* Much of the material posted is simply for your own benefit if you wish to dive deeper into the topics of the week! **A note**: I use D2L like a Hub for the course, where you will be able to access and link to all the course material with lectures, slides, and clips readily available from lectures; please consult it regularly, as all your assignments will also be submitted through here!

Filmmaking in Action: Your Guide to the Skills and Craft, Leipzig & Weiss. MacMillan - Higher Ed. ISBN 13: 9780312616991 (this is also available for online use rather than as a hard copy textbook)

SUGGESTED READINGS:

• *On Directing Film*, David Mamet. Penguin Group USA - ISBN 13: 9780140127225

• Adobe Premiere Pro CC Classroom In A Book, Maxim Jago, Adobe Press - ISBN-13: 9780136602200 (*This book is freely available via the DePaul library*: https://i-share- dpu.primo.exlibrisgroup.com/permalink/01CARLI_DPU/8tvalj/cdi_safari_books_9780136 483939).

SUPPLIES

This online course is designed to be entirely remote, meaning that CDM resources such as computer labs and equipment will not be necessary to complete the assignments. However, you should have the following:

EQUIPMENT:

• Smartphone

• Smartphone-friendly tripod (example: https://www.amazon.com/Flexible-Tripod-Smartphone-iPhone-Holder/dp/B07YQ1356W/)

• Hard drive or USB flashdrive for backing up files (at least 64GB)

If you have your own camera and tripod, such as a DSLR, that will work fine, but it is not a pre-requisite for completing the assignments.

SOFTWARE:

Zoom – online video conferencing program. Office hours and any live class sessions will take place via Zoom, the link to the classroom/office hours are posted on D2L News Items.

IMPORTANT: Please note that Zoom sessions taking place during scheduled class time may be recorded and made available on D2L to students from this quarter and section only. **By enrolling in this class and taking part in the Zoom sessions, you consent to these sessions being recorded for the duration of the quarter.**

Downloadable apps:

> Filmic Pro – tutorial: https://www.youtube.com/watch?v=GzD1JMezNw0
> Shot Designer – tutorial: https://www.youtube.com/watch?v=maeTgha3RkA
> Storyboarder – tutorial: https://www.youtube.com/watch?v=gPurQv4rC1E

Editing software: Adobe Creative Cloud is available for free trials to DePaul students. If you do not have a computer capable of running this software, however, there are several free phone and tablet based applications that will suffice for the assignments:

> https://www.oberlo.com/blog/best-free-video-editing-software

In addition, a basic scanning software such as Adobe Scan or ScannerPro - for exporting PDFs of filled-out sheets - may prove useful if you don't already have a scanner at home. Some options can be found here: https://thewirecutter.com/reviews/best-mobile-scanning-apps/

ADDITIONAL COSTS:

Producing digital content is rarely a cheap endeavor. Such costs will potentially include items for art direction (costumes, make-up, set decoration), production (gaff tape, black wrap, camera media), post-production (primary external hard drives and a back-up) and general necessities (transportation costs and craft services). *As a general guideline for all films that you make, your project budgets should always include a 10% contingency fee to help account for cost overruns.*

SUGGESTED ONLINE RESOURCES:

• Short Of The Week: Every post is a new award-winning independent film, from all genres.

• CineFix: A useful, entertaining and inspiring YouTube channel for video essays, interviews.

• Every Frame a Painting: Tony Zhou's video essays on variety of aspects of art of filmmaking.

• Must See Films: A stimulating collection of video essays that helps you see films differently.

• Fandor: An informing source for video essays.

• The Directors Series: In-depth video essays on master directors.

• Lynda: A useful collection of video tutorials for learning various software programs. All DePaul students have free access to Lynda via LinkedIn Learning. It is available by (free) subscription, and highly recommended that you watch the essential training on Adobe Premiere CC.

GRADING

LABS AND QUIZZES (25%) – Individually, students will complete various activities/lab assignments week to week focused on elements of Production, including 5 quizzes based on the readings.

MATCH CUT ASSIGNMENT (10%) - Individually, students will complete a Match Cut Assignment that demonstrates an understanding of the types of Match Cuts used in continuity editing. This assignment will be graded on composition and match cut representation. Students will take high resolution still photos and use the assignment template to complete the assignment according to instructions.

SOUND MAP ASSIGNMENT (10%) - Using a given short monologue, students will individually "map" the change in sound quality throughout various instructed locations in their homes, in detail. Students must describe the type of sound, its qualities, as well as its location. Along with the descriptions, a hand drawn map must be included. The in- depth descriptions and map must be scanned into a **single pdf**.

"THE ACTIVITY" ASSIGNMENT (15%) - This film will portray ONE PERSON, in ONE SPACE, doing ONE THING (brushing teeth, eating an apple, juggling, etc), with the goal of creating a specific mood or genre around that activity. The activity should be portrayed in its entirety, from start to finish. Students will then edit the footage into an assembled scene. A working, non-private, downloadable Vimeo or Youtube link must be uploaded to D2L before class time with an .h264.

PRE-VIZ ASSIGNMENT (10%) – Individually, students will need to create a Pre-Visualization packet as a proposal for their"THE MEETING" film. Adapting an "Open Scene" into a script, this packet must include a logline, mood board, links to comparable examples, photographic storyboards, and a detailed shot list.

"THE MEETING" ASSIGNMENT (20%) – Students will remotely complete "THE MEETING" film— An exercise in scene construction. Knowing you might only be using yourself for every role, think creativley. ONE character, who is introduced to the audience visually through action, is met by a SECOND character. Through production design, lighting, and composition, it should not break continuity, wherein they have a conversation. An "Open Scene" for this meeting will be provided by the Instructor and will be the basis for the Pre-Viz Assignment. A rough cut will be turned in Week 10 and reshoots will need to be completed for the final film. Students will then edit the footage together into an assembled scene. A working, non-private, Vimeo or Youtube link must be uploaded to D2L before class time with an .h264. The class will screen all films.

ATTENDANCE AND PARTICIPATION (10%) - Attendance at bi-weekly Zoom sessions is required, and you must watch the pre-recorded lectures; both will factor into your grade. Feedback in groups on each set of films will be vital to the success of the course, as will watching the lectures and doing the readings each week. Reflection papers will also factor into this grade.

A = 100-93, A- = 92.9-90, B+ = 89.9-87, B = 86.9-83, B- = 82.9-80, C+ = 79.9-77, C = 76.9-73, C- = 72.9-70, D+ = 69.9-67, D = 66.9-63, D- = 62.9-60, F = 59.9+Below.

"A" indicates Excellence, "B" indicates Very Good, "C" indicates Satisfactory, "D" indicates Poor, "F" indicates the student has NOT accomplished the objectives of the course.

WEEKLY SCHEDULE

Each week's material will be available on D2L that Wednesday morning, and will consist of a series of short lecture modules, films and clips, and online readings, all viewable on D2L. Each week also has assigned readings from the Filmmaking In Action textbook.

Readings and quizzes are due before the start of the next class from when they are listed on the syllabus. Specific assignments may have different due dates as specified by the instructor and/or on the assignment sheets.

Class will meet live once every two weeks on Zoom to go over assignments and facilitate discussions and further questions. This schedule is subject to change; advance notice on D2L, in the syllabus, and via email and lectures will be provided if such a change occurs.

You should expect to do roughly 4-6 hours of work per week for this class, between live discussions, lectures, readings, assignments, and films/clips.

OTHER SYLLABUS ITEMS:

Note On Requirements (and the Syllabus in General)
This syllabus is subject to change as necessary during the quarter. If a change occurs, it will be thoroughly addressed during class, and posted on D2L. AS A MEMBER OF THIS CLASS, YOU ARE REQUIRED TO KNOW AND FOLLOW THE GUIDELINES SET FORTH ON THE TOTALITY OF THIS SYLLABUS. These guidelines are established to ensure all students know what is expected of them, and so all students are treated equally by being held to the same standards.

Zoom – Guidelines:
This class will use Zoom, a video conferencing tool, for instruction and/or collaboration on a roughly bi-weekly basis. Students should follow general guidelines and meet participation expectations for Zoom meetings.
 -Use your given or preferred name as your display name.
 -Don't use distracting or inappropriate profile photos or virtual backgrounds.
 -Don't share meeting links, passwords, screenshots, recordings, or other meeting
  information with people outside the class.
 -Mute your microphone when you're not speaking to minimize background noise.
 -If connectivity issues impact your audio/video quality, try turning off your camera.
 Contact DePaul's Technology Support Center at 312.362.8765 if you need assistance during a video call.

Participation Expectations:
Student participation will be measured in several ways. Students are encouraged to ask questions and offer comments relevant to the class topics. Questions will be posed to the class in discussion formats; students are encouraged to offer answers, insights and best guesses.

 -Be on time or notify your instructor if you will be late or unable to attend.
 -Minimize distractions, such as televisions and cell phones, when possible.
 -Don't engage in other activities during sessions (driving, cooking, cleaning, etc.)

-Try to put your device at eye level on a solid surface. Holding your device or placing it in your lap can add movement to your video, which can be distracting.
-If you think you might have trouble actively participating in meetings, let your instructor know in advance, if possible.

Please note: Students should report any incidents of behavioral misconduct (including harassment) in video conference meetings to their instructor. Any incident of harassment and/or behavioral misconduct that impedes the teaching & learning environment may be reported to the Dean of Students Office for referral to the student conduct process. This includes sharing meeting links, passwords, screenshots, recordings, or other meeting information in a way that could facilitate harassment or misconduct by others.

Late Work
Assignments must be completed and uploaded to D2L in the proper format by the date and time specified in the Class Schedule/assignment sheets. Late work will receive a 20% grade deduction for each day it is submitted late. Final cuts of "The Meeting" assignment, however, must be turned in by the assigned due date/time (the deadline marks the official end of the course). Submissions by email will not be accepted. I also suggest backing up work with a Cloud file storage service, as computers crash.

Respect for Diversity and Inclusion at DePaul University as aligned with our Vincentian Values
At DePaul, our mission calls us to explore "what must be done" in order to respect the inherent dignity and identity of each human person. We value diversity because it is part of our history, our traditions and our future. We see diversity as an asset and a strength that adds to the richness of classroom learning. In my course, I strive to include diverse authors, perspectives and teaching pedagogies. I also encourage open dialogue and spaces for students to express their unique identities and perspectives. I am open to having difficult conversations and I will strive to create an inclusive classroom that values all perspectives. If at any time, the classroom experience does not live up to this expectation, please feel free to contact me via email or during office hours.

Attitude:
A professional and academic attitude is expected throughout this course. Measurable examples of non-academic or unprofessional attitude include but are not limited to: talking to others when the instructor is speaking, mocking another's opinion, cell phones ringing, emailing, texting or using the internet whether on a phone or computer. If any issues arise a student may be asked to leave the classroom. The professor will work with the Dean of Students Office to navigate such student issues.

Civil Discourse:
DePaul University is a community that thrives on open discourse that challenges students, both intellectually and personally, to be Socially Responsible Leaders. It is the expectation that all dialogue in this course is civil and respectful of the dignity of each student. Any instances of disrespect or hostility can jeopardize a student's ability to be successful in the course. The professor will partner with the Dean of Students Office to assist in managing such issues.

Preferred Name and Gender Pronouns:
Professional courtesy and sensitivity are especially important with respect to individuals and topics dealing with differences of race, culture, religion, politics, sexual orientation, gender, gender variance, and nationalities. I will gladly honor your request to address you by an alternate name or gender pronoun. Please advise me of this preference early in the quarter so that I may make appropriate changes to my records. Please also note that students may choose to identify within the University community with a preferred first name that differs from their legal name and may also update their gender. The preferred first name will appear in University

related systems and documents except where the use of the legal name is necessitated or required by University business or legal need. For more information and instructions on how to do so, please see the Student Preferred Name and Gender Policy at http://policies.depaul.edu/policy/policy.aspx?pid=332

Online Course Evaluations
Evaluations are a way for students to provide valuable feedback regarding their instructor and the course. Detailed feedback will enable the instructor to continuously tailor teaching methods and course content to meet the learning goals of the course and the academic needs of the students. They are a requirement of the course and are key to continue to provide you with the highest quality of teaching. The evaluations are anonymous; the instructor and administration do not track who entered what responses. A program is used to check if the student completed the evaluations, but the evaluation is completely separate from the student's identity. Since 100% participation is our goal, students are sent periodic reminders over three weeks. Students do not receive reminders once they complete the evaluation. Students complete the evaluation online in CampusConnect.

Academic Integrity and Plagiarism
This course will be subject to the university's academic integrity policy. More information can be found at http://academicintegrity.depaul.edu/. If you have any questions be sure to consult with your professor.

Academic Policies
All students are required to manage their class schedules each term in accordance with the deadlines for enrolling and withdrawing as indicated in the University Academic Calendar. Information on enrollment, withdrawal, grading and incompletes can be found at: http://www.cdm.depaul.edu/Current%20Students/Pages/PoliciesandProcedures.aspx

Incomplete Grades:
An incomplete grade is a special, temporary grade that may be assigned by an instructor when unforeseeable circumstances prevent a student from completing course requirements by the end of the term and when otherwise the student had a record of satisfactory progress in the course. All incomplete requests must be approved by the instructor of the course and a CDM Associate Dean. Only exceptions cases will receive such approval. Information about the Incomplete Grades policy can be found at http://www.cdm.depaul.edu/Current%20Students/Pages/Grading-Policies.aspx

Students with Disabilities
Students who feel they may need an accommodation based on the impact of a disability should contact the instructor privately to discuss their specific needs. All discussions will remain confidential. To ensure that you receive the most appropriate accommodation based on your needs, contact the instructor as early as possible in the quarter (preferably within the first week of class), and make sure that you have contacted the Center for Students with Disabilities (CSD) at: csd@depaul.edu.
