COVID-19 Health and Safety Precautions:

Keeping our DePaul community safe is of utmost importance in the pandemic. Students, faculty and staff are expected to (1) wear a mask as required at all times while indoors on campus; (2) refrain from eating and drinking in classrooms; (3) keep current with their COVID-19 vaccinations or exemptions; (4) stay home if sick; (5) participate in any required COVID-19 testing; (6) complete the online Health and Safety Guidelines for Returning to Campus training; and (7) abide by the City of Chicago Emergency Travel Advisory. By doing these things, we are Taking Care of DePaul, Together. The recommendations may change as local, state, and federal guidelines evolve. Students who do not abide by the mask requirement may be subject to the student conduct process and will be referred to the Dean of Students Office. Students who have a medical reason for not complying with any requirements should register with DePaul's Center for Student with Disabilities (CSD).

Electronic Devices:

There is a no tolerance policy on electronic device usage during class. Cell phone/tablet usage and/or internet usage during class will result in 0 attendance points for the day. It is distracting to others around you. You may take notes on a computer using word or text edit (do not browse the internet) but not on a cellphone/tablet.

Cell Phones/On Call:

If you have a cell phone to class, it must be off or set to a silent mode. Should you need to answer a call during class, students must leave the room or mute your computer's microphone in an undistruptive manner. Out of respect to fellow students and the professor, texting is never allowable in class. If you are required to be on call as part of your job, please advise me at the start of the course.

Student responsibilities:

Each student is responsible for their time management and for meeting the expectations in the syllabus. The instructor is not responsible for reminding students of assignment deadlines in class. In the event of an absence, it is the student's responsibility to contact the instructor for an assignment sheet detailing any homework. If an assignment is listed on the syllabus you are still responsible for completing the assignment on time.

Also, eventually all hard drives fail. Make sure you backup your projects at least twice for this class and all future projects. If your hard drive fails and you didn't backup your project, no extensions will be given. No accommodations are typically made in the real world for lack of preparation and in order to prepare you for the job market, no accommodations will be made in this course for lost data.

Deadlines:

Video production requires strict adherence to deadlines, therefore late assignments will not be accepted for grading and written feedback will be given at the instructors discretion. You will not be eligible for an A in the class unless you turn in all assignments on time.

Attendance, Participation, and Professionalism:

This course demands class participation - attendance is mandatory. Students arriving to class more than 15 minutes late, or leaving before class is dismissed will be considered absent. You are allowed one (1) unexcused absence. After that, a one letter deduction for each absence will be taken from your final course grade. Missing three (3) or more classes will result in a failing grade. Excessive tardiness will also be penalized. If you are sick, have a family emergency, a conflict with work, or any other kind of unforeseen circumstance, please tell me ASAP so that I know what is going on and I can help you out. Addressing these issues weeks after the absence occurred will make it more difficult to help you out and I do want to help wherever I can.

A professional and academic attitude is expected throughout this course. Measurable examples of non-academic or unprofessional attitude include but are not limited to: talking to others when the instructor is speaking, mocking another's opinion, cell phones ringing, emailing, texting or using the internet whether on a phone or computer. The professor will work with the Dean of Students Office to navigate such student issues if issues are ongoing and can't be resolved in class. Also, adhering to the courses cellphone and computer policy is factored into this portion of your grade as well. SEE ABOVE.

Assignments:

You will submit all of your assignments to the appropriate Google Drive folder. The organization of your editing projects is a significant part of your grade. **LATE PROJECTS will not receive credit.**

Quiz:

Periodic quizzes will be given throughout the quarter testing you on important information from lecture and tutorials. These could be given anytime during class and many times happen at the beginning of class. Make sure you come to class on time. If you miss them you forfeit credit.

Editing Exercises:

Editing exercises will be completed during class time. Editing exercises that are turned in on time can be made up and turned in again for more points; however, **all resubmissions must be turned in within two weeks of the due date.** Missed editing exercises can be made up and turned in before the start of the following class. If an editing exercise is missed, it is the responsibility of the student to watch the missed lecture on D2L and turn in their makeup assignment before the start of the following class. For your convenience, all lectures are recorded and saved on D2L.

Editing Analysis Paper:

Students will be required to write a 2-3 page paper comparing and contrasting the classes' cut of Bernadette and the official edit. More information will be given on D2L about this particular assignment as the quarter progresses.

University Policies

Online Course Evaluations:

Evaluations are a way for students to provide valuable feedback regarding their instructor and the course. Detailed feedback will enable the instructor to continuously tailor teaching methods and course content to meet the learning goals of the course and the academic needs of the students. They are a requirement of the course and are key to continue to provide you with the highest quality of teaching. The evaluations are anonymous; the instructor and administration do not track

who entered what responses. A program is used to check if the student completed the evaluations, but the evaluation is completely separate from the student's identity. Since 100% participation is our goal, students are sent periodic reminders over three weeks. Students do not receive reminders once they complete the evaluation. Students complete the evaluation online in CampusConnect.

Academic Integrity and Plagiarism:

This course will be subject to the university's academic integrity policy. More information can be found at <http://academicintegrity.depaul.edu/>. If you have any questions be sure to consult with your professor.

Academic Policies:

All students are required to manage their class schedules each term in accordance with the deadlines for enrolling and withdrawing as indicated in the University Academic Calendar. Information on enrollment, withdrawal, grading and incompletes can be found at: cdm.depaul.edu/enrollment.

Students with Disabilities:

Students who feel they may need an accommodation based on the impact of a disability should contact the instructor privately to discuss their specific needs. All discussions will remain confidential.

To ensure that you receive the most appropriate accommodation based on your needs, contact the instructor as early as possible in the quarter (preferably within the first week of class), and make sure that you have contacted the Center for Students with Disabilities (CSD) at: csd@depaul.edu.
