## Course Description

---

From "The Royal Game of Ur" (2500+ BCE) to "Mortal Kombat XI" (2019) and beyond, games have been a constant in human history. The forms of games, their experiential qualities, and their cultural significance have varied enormously from era to era and place to place. This class will examine particular games and game genres in their historical context using a case study format. We will focus on "indoor" games, those of chance and skill, as opposed to physical games and sports [but will also touch on the nature of play including

sports]. The examples will be chosen (i) to have global scope and historic diversity, (ii) to relate to games that students will find familiar, and (iii) to raise particular issues in historical interpretation, the use of primary sources and changing concepts of leisure activity.

## Course Learning Outcomes

---

By the end of this course, students will be able to:

- Describe and explain knowledge of prehistoric or historical events, themes, and ideas
- Examine and assess historical evidence and interpretations through analysis, evaluation, and/or synthesis of a range of primary and secondary source evidence.
- Recognize that there are different perspectives on the past, whether historical or methodological in nature.
- Compose written and oral discourse.

## Required Materials

---

- Assigned games will be made available to students in the Gameplay Lab -- CDM Building (243 S Wabash) Room 536.
- Readings will be posted on D2L in the weekly modules under "Content." Students are expected to apply these to weekly discussions.

## Course Structure

---

Due to COVID-19, DePaul University has moved the first two weeks of the quarter online. While the university hopes to be back in face-to-face classrooms by Week 3, they will make a decision based on COVID-19 cases, spreads, and further data.

For the first two weeks, we will meet synchronously via Zoom. Office hours will also be held online.

Depending on circumstances, Week 3 may be moved to in-class.

## Grading Breakdown

---

Class sessions will combine lectures with analysis of particular games and in-class activities. Students are expected to attend all classes and do the assigned reading, homework, and gameplay before class time.

Student progress will be assessed through a combination of homework assignments, game

analysis papers on a game of student's choice, a group game design project, and class participation.

### Assignment Info

**All assignments are due on the indicated date at the beginning of class.** Below is a brief summary of each assignment. More detailed instructions will be provided on assignment sheets on D2L.

Assignments (except for designated group assignments) must represent a student's individual effort. While students are permitted to discuss assignments at the conceptual level, under no circumstances should students share specific answers (electronically or otherwise). You must credit/cite anything content, image, writing, or idea that is not your own.

\*Unless there are unforeseen circumstances, assignments will usually be graded and returned within one week of the due date.

### Game Analysis Discussion

You will submit 4 game analyses over the quarter. These may be on any of the games we play. You will analyze the games based on readings and other course materials (including other games) we have covered in class.

## Participation

Participation is graded on your contributions to class or to our collective notes document. To earn points each week, you must either speak during class or make a unique contribution to the class notes document during lectures and class discussion.

## Major Project

For this assignment, you will choose a prompt and develop a thesis (an argument) about a game and its history. There are several components that make up this project throughout the course with various due dates. Your final project may be in the form of a written paper, a podcast, or a video essay.

## Late Work, Absences, Make-Ups, and Extra Credit

---

**Late work** will receive a 10% penalty for every course meeting following the due date/time. *Exception:* Students with extreme circumstances should contact the Dean of Students Office who will then contact your instructors (including me) and we will work out an alternative approach.

**Makeup Work:** Students are allowed to resubmit work for regrading. The student will submit a brief document addressing how they incorporated feedback from the initial assignment along with the iterated assignment. All work considered for regrading must be submitted by Week 10. If the original submission was late, the resubmission will only be eligible for the number of total points possible minus any late penalties (if an assignment was submitted 2 course meetings late, a resubmission may receive up to 80%).

**Extra credit** will be given at the instructor's discretion, this usually involves attending a design or games related lecture and writing a reflection.

## Academic Integrity

---

DePaul University is a learning community that fosters the pursuit of knowledge and the transmission of ideas within a context that emphasizes a sense of responsibility for oneself, for others and for society at large. Violations of academic integrity, in any of their forms, are, therefore, detrimental to the values of DePaul, to the students' own development as responsible members of society, and to the pursuit of knowledge and the transmission of ideas. Violations include but are not limited to the following categories: cheating; plagiarism; fabrication; falsification or sabotage of research data; destruction or misuse of the university's academic resources; alteration or falsification of academic records; and academic misconduct. Conduct that is punishable under the Academic Integrity Policy could result in additional disciplinary actions by other university officials and possible civil or criminal prosecution. Please refer to your Student Handbook or visit Academic Integrity at DePaul University (<http://academicintegrity.depaul.edu>) for further details.

## Resources for Students

## COVID-19 Policies

---

Keeping our DePaul community safe is of utmost importance in the pandemic. Students, faculty and staff are expected to (1) wear a mask as required at all times while indoors on campus; (2) refrain from eating and drinking in classrooms; (3) keep current with their COVID-19 vaccinations or exemptions; (4) stay home if sick; (5) participate in any required COVID-19 testing; (6) complete the online Health and Safety Guidelines for Returning to Campus training; and (7) abide by the City of Chicago Emergency Travel Advisory. By doing these things, we are Taking Care of DePaul, Together. The recommendations may change as local, state, and federal guidelines evolve. Students who do not abide by the mask requirement may be subject to the student conduct process and will be referred to the Dean of Students Office. Students who have a medical reason for not complying with any requirements should register with DePaul's Center for Student with Disabilities (CSD).

### NAME & GENDER PRONOUNS

Professional courtesy and sensitivity are especially important with respect to individuals and topics dealing with differences of race, culture, religion, politics, sexual orientation, gender, gender variance, and nationalities. I will gladly honor your request to address you by an alternate name or gender pronoun. Please advise me of this preference early in the quarter so that I may make appropriate changes to my records. Please also note that students may choose to identify within the University community with a preferred first name that differs from their legal name and may also update their gender. The preferred first name will appear in University related systems and documents except where the use of the legal name is necessitated or required by University business or legal need. For more information and instructions on how to do so, please see the Student Preferred Name and Gender Policy at [policies.depaul.edu/policy/policy.aspx?pid=332](http://policies.depaul.edu/policy/policy.aspx?pid=332)

### RESOURCES FOR STUDENTS WITH DISABILITIES

Students who feel they may need an accommodation based on the impact of a disability should contact the instructor privately to discuss their specific needs. All discussions will remain confidential. To ensure that you receive the most appropriate accommodation based on your needs, contact the instructor as early as possible in the quarter (preferably within the first week of class), and make sure that you have contacted the Center for Students with Disabilities (CSD) by emailing [csd@depaul.edu](mailto:csd@depaul.edu) and/or visiting one of the locations below.

### **ONLINE COURSE EVALUATIONS**

Evaluations are a way for students to provide valuable feedback regarding their instructor and the course. Detailed feedback will enable the instructor to continuously tailor teaching methods and course content to meet the learning goals of the course and the academic needs of the students. They are a requirement of the course and are key to continue to provide you with the highest quality of teaching. The evaluations are anonymous; the instructor and administration do not track who entered what responses. A program is used to check if the student completed the evaluations, but the evaluation is completely separate from the student's identity. Since 100% participation is our goal, students are sent periodic reminders over three weeks. Students do not receive reminders once they complete the evaluation. Students complete the evaluation online in [campusconnect.depaul.edu](https://campusconnect.depaul.edu).

### **ACADEMIC INTEGRITY & PLAGIARISM**

This course will be subject to the university's academic integrity policy. More information can be found on DePaul's [academic integrity website](#). If you have any questions, be sure to consult with your professor.

### **SEXUAL AND RELATIONSHIP VIOLENCE**

As a DePaul community, we share a commitment to take care of one another. Classroom relationships are based on trust and communication. Sometimes, material raised in class may bring up issues for students related to sexual and relationship violence. In other instances, students may reach out to faculty as a source of help and support. It is important for students to know that faculty are required to report information reported to them about experiences with sexual or relationship violence to DePaul's Title IX Coordinator. Students should also know that disclosing experiences with sexual or relationship violence in course assignments or discussion does not constitute a formal report to the University and will not begin the process of DePaul providing a response.

Students seeking to report an incident of sexual or relationship violence to DePaul should contact Public Safety (Lincoln Park: 773-325-7777; Loop: 312-362-8400) or the Dean of Students and Title IX Coordinator (Lincoln Park: 773-325-7290; Loop: 312-362-8066 or [titleixcoordinator@depaul.edu](mailto:titleixcoordinator@depaul.edu)).

Students seeking to speak confidentially about issues related to sexual and relationship violence should contact a Survivor Support Advocate in the Office of Health Promotion & Wellness for information and resources (773-325-7129 or [hpw@depaul.edu](mailto:hpw@depaul.edu)). More

information is available at the [Office of Health Promotion and Wellness website](#). Students are encouraged to take advantage of these services and to seek help around sexual and relationship violence for themselves as well as their peers who may be in need of support.

## **ENROLLMENT/WITHDRAWAL AND OTHER ACADEMIC POLICIES**

All students are required to manage their class schedules each term in accordance with the deadlines for enrolling and withdrawing as indicated in the University Academic Calendar. Information on registration policies can be found at [DePaul Central](#).

## **WITHDRAWAL**

Students who withdraw from the course do so by using the Campus Connection system ([campusconnect.depaul.edu](http://campusconnect.depaul.edu)). Withdrawals processed via this system are effective the day on which they are made. Simply ceasing to attend, or notifying the instructor, or nonpayment of tuition, does not constitute an official withdrawal from class and will result in academic as well as financial penalty.

## **ADMINISTRATIVE WITHDRAWAL**

Administrative Withdrawal Appeals are submitted to and processed by the Dean of Students Office, and allow students to be retroactively withdrawn from classes for medical, mental health or personal crises even after the term has ended. More information is available on the [Division of Student Affairs](#) website.

## **EXCUSED ABSENCE**

In order to petition for an excused absence, students who miss class due to illness or significant personal circumstances should complete the [Absence Notification form](#) through the [Dean of Students office](#). Students must submit supporting documentation alongside the form. The professor reserves the sole right whether to offer an excused absence and/or academic accommodations for an excused absence.

## **SYLLABUS CHANGES AND ERRORS**

The instructor may make changes and updates to the course syllabus and schedule as needed. Students will be notified of any changes. If you find any broken links, outdated information, or other content that just seems “off” somehow, please let me know so I can fix it. I really do appreciate students helping me find and fix mistakes or confusing wording in my materials.

## **Resources for Students in Need of Support**
