

This form is to be used to assist incoming CDM graduate students who wish to request a waiver for introductory course(s). Supporting documentation is required for each course waiver request and should be submitted with this form if not already on file with CDM. Once enrolled, students may meet with a faculty advisor at any time to discuss introductory course waivers and other aspects of their program.

Equivalent experience is typically demonstrated through successful completion of academic course work. In these cases, indicate the institution, course, grade, and term completed. If other than prior course work, use the space to explain.

For a description of material covered in each introductory course, visit cdm.depaul.edu/GAE.
