COURSE DESCRIPTION

This course is an introductory level to the mesmerizing art of animation. In this class we will hold weekly screenings, lectures, discussions, readings and exercises to get a better sense of animation and how it is done. Students will explore different techniques, and will be introduced to animation in different context in the moving images industry. Students are encouraged to practice different genre and styles of animation in their weekly assignments.

This course is designed for the student who wishes to pursue further study in the field, and provides intensive practice of the basic skills and methods through production.

PREREQUISITE(S): ANI 105 or GPH 211 or ART 105 or GD 105

OBJECTIVES

- A strong foundation in the principles of animating movement.
- An introduction to storyboarding and design for animation.
- An introduction to hand drawn animation in Flash, puppet rigging and compositing with Photoshop and AfterEffects.
- An introduction to hand drawn animation on paper, with registration pegs.
- An introduction to experimental approaches to animation, including non-linear narrative and alternative materials such as sand, cut outs, collage, stop-motion and more.
- An introduction to under the camera animation using Dragon Frame.

ATTENDANCE

Attendance is taken at the beginning of class. Being late to class 2 times counts as one absence. More than two unexcused absences will result in a full letter grade reduction for the course. Any student missing more than 4 classes will receive an "F" for the quarter. If you have any personal or medical issues, you must contact the Dean of Students directly. They will then contact me regarding excused absences.

Attending the final class and critique is mandatory for everyone.

POLICIES

- NO CELLPHONE, NO WEB BROWSING, Seriously!!
- Late work will be accepted. However, you will be lowered one letter grade automatically and an additional grade for each additional class until submitted.
- If an assignment is listed on the syllabus you are still responsible for completing the assignment on time.
- If you miss a class, or you know you are going to miss a class, it is your responsibility to look up the new assignment on D2L and watch the video recorded during the class you missed online to catch up.
- Assignments WON'T be accepted via email even if they were sent before due. EVERYTHING needs to be uploaded to the proper assigned Dropbox folder on D2L. No exceptions.
- There will be periodic reviews and critiques of your work and you are expected to participate. This will provide feedback and insight and support in-class and homework assignments. This is the best way to express your observations of each other's work; emphasis will be on evaluations of assignment goals, and on creativity.
- During class time, you are not allowed to work on other classes projects. If seen, you will automatically be marked as absent.
- There is no extra credit available for this course.

COLLEGE POLICIES

ONLINE COURSE EVALUATIONS

Evaluations are a way for students to provide valuable feedback regarding their instructor and the course. Detailed feedback will enable the instructor to continuously tailor teaching methods and course content to meet the learning goals of the course and the academic needs of the students. They are a requirement of the course and are key to continue to provide you with the highest quality of teaching. The evaluations are anonymous; the instructor and administration do not track who entered what responses. A program is used to check if the student completed the evaluations, but the evaluation is completely separate from the student's identity. Since 100% participation is our goal, students are sent periodic reminders over three weeks. Students do not receive reminders once they complete the evaluation. Students complete the evaluation online in [CampusConnect](#).

ACADEMIC DISHONESTY POLICY

This course will be subject to the university's academic integrity policy. DePaul University does not condone any form of academic dishonesty. Any act of improperly representing another person's work as one's own is construed as an act of academic dishonesty. These acts include, but are not limited to, plagiarism in any form, or use of information and materials not authorized by the instructor during an examination. More information can be found at <http://academicintegrity.depaul.edu/>

ACADEMIC POLICIES

All students are required to manage their class schedules each term in accordance with the deadlines for enrolling and withdrawing as indicated in the [University Academic Calendar](#). Information on enrollment, withdrawal, grading and incompletes can be found at: cdm.depaul.edu/enrollment.

STUDENTS WITH DISABILITIES

Students who feel they may need an accommodation based on the impact of a disability should contact the instructor privately to discuss their specific needs. All discussions will remain confidential.
