

# EXP 442: INTERFACE + EXPERIENCE DESIGN

## INSTRUCTOR

LeAnne Wagner (she/her)  
Email: leannemwagner@gmail.com  
Office: 14 E. Jackson, 901  
Office hours: Email for appointment.

## COURSE INFORMATION

EXP 442 Section 801 - Class number 26528  
Class time: Thursdays, 5:45 - 9:00  
Location: 14 E. Jackson, 209 - Loop Campus  
*Last day to drop the course: Jan 18, 2019*  
*Last day to withdraw: Feb 22, 2019*

## COMMUNICATION PLATFORMS

D2L Homepage: [d2l.depaul.edu/](https://d2l.depaul.edu/)  
Slack: [interfaceexperience.slack.com](https://interfaceexperience.slack.com)  
Google Drive: <https://drive.google.com/drive/folders/10XgkslszfgLsMmyV-cYN-l3UW5GZqgJ4?usp=sharing>

## COURSE DESCRIPTION

This course focuses on the concept of "interface" as it relates to the design of human-centered experiences. From an inquiry into the design of digital interfaces for web and mobile platforms, to the exploration of non-digital social interfaces in day-to-day life, students will apply user research and design methods to prototype and test a range of interface solutions. The course is designed as a stepping stone to a student's own investigations and interests, as well as a space for exploration and experimentation with alternative design processes and methodologies. Prerequisite(s): HCD 421

## CLASS FORMAT

Classes will involve a combination of lectures and discussions and occasionally workshops and critiques. Your participation in class and online (D2L, Slack) are critical to your grade. Students are expected to spend *8 to 10 hours per week* on reading, research/design, and writing activities outside of class.

## REQUIRED TEXT

- Radical Technologies: The Design of Everyday Life;  
Adam Greenfield - ISBN-13: 978-1784780456

## LEARNING OUTCOMES

- Create interfaces** that demonstrate an understanding of the principles of successful interactive design and the socio-cultural implications of those designs.
- Demonstrate the application of the **user-centered design process** through the development of successful interfaces and experiences.
- Critically assess** goals, approaches, and challenges of designing interfaces and experiences.
- Analyze new technology** and applications of interface design.
- Evaluate new technology and **lead peer discussions** on relevant topics.

## EVALUATION & GRADING

Coursework includes the following components.

	Grade Proportion
Participation	10%
Weekly Reading Responses	10%
Discussion Lead	15%
Reactions #1-3	30%
Experimental Interface Design	35%

**Participation.** The participation portion of the grade is based on attendance and contributions to class discussions and activities. Contributions in class discussions is a major part of this grad. Try to contribute at least once each class. Online and group activities will also be factored into the participation grade.

**Weekly Reading Response.** Weekly reading assignments will be posted to D2L. After completing the reading assignment, post a response to Slack under the appropriate channel before class starts. Students can miss one Reading Response without affecting their grade.

**Discussion Lead.** Students will be choose a topic for which they are responsible for researching and leading a discussion with the rest of the class.

**Reactions.** May be short papers and/or small projects that react to or demonstrate specific skills concerning an assigned topic.

**Experimental Interface Design.** Students will work in groups of three for the final project. All students are expected to contribute to groups equally. At the completion of the project, students must provide a peer review of their teammates, which will be factored into the final grade.

## Grading Scale

Letter grades will be given based on the following minimum percent of total points earned.

A	93.00%	Excellent/Outstanding effort
A-	90.00%	Very Good
B+	88.00%	
B	83.00%	Good
B-	80.00%	
C+	78.00%	
C	73.00%	Satisfactory
C-	70.00%	
D+	68.00%	
D	60.00%	
F	0.00%	

To earn an **A** in class you need to put in extra effort and time. Your work should demonstrate that you are excited about the topics and have gone the extra mile to understand and share your thoughts. Your work should demonstrate original thought and synthesis of the ideas you are exploring, not just a rehash of what we've learned in class or from reading assignments. An important part of earning an A is also dependent on your participation in class. You will not earn an A if you do not participate in discussions in class and online.

Earning a **B** is a good grade and you should be proud. This grade shows that all projects were completed and you tried, but were maybe lacking in a depth of exploration of the topic or project. Lack of participation in the activities surrounding the grade (discussions, workshops, etc) may also result in a B.

Earning a **C** means you did what was asked. You submitted projects and met all criteria, but there was little original thought or extra effort to demonstrate your understanding.

## ACKNOWLEDGEMENTS

This syllabus was devised with input from colleagues in the CDM School of Design and from inspiration found in syllabi discovered online which were created by others in the field of human centered design.

## CLASS SCHEDULE

Schedule subject to change. Consult D2L and class slides for definitive due dates.

### DEFINING INTERFACES

1 Jan 10	Introductions, What is an 'interface'? Read: Rad Tech, Chap. 1 - Smartphones
2 Jan 17	Speaker: Christine McClure, DePaul Library Digital Services Coordinator Discussion Lead 1 + 2 - Smartphones, Touch Read: Rad Tech, Chap. 2 - IOT
3 Jan 24	<b>Due: Reaction #1 - Prysm Touch Interface</b> Discussion Lead 3 + 4 - IOT, Voice Read: Rad Tech, Chap. 3 - AR
<i>Optional: Phillip Hunter, CD of Amazon Alexa campus visit</i> <i>Jan 24 Workshop, 1-4pm</i> <i>Jan 25 Talk, 5:30pm</i>	
4 Jan 31	<b>Class at Lincoln Park Library</b> Read: Rad Tech, Chap. 4 - Digital Fabrication
5 Feb 7	Discussion Lead 5 + 6 - AR, Dig Fab Read: Rad Tech, Chap. 8 - Machine Learning

### DESIGNING EXPERIENCES

6 Feb 14	<b>Due: Reaction #2</b> Discussion Lead 7 - Machine Learning Read: Rad Tech, Chap. 9 - AI
7 Feb 21	Discussion Lead 8 - AI Watch: <a href="https://vimeo.com/143228205">https://vimeo.com/143228205</a>
8 Feb 28	Speaker: Chris Noessel, Interaction Design Lessons from Sci Fi Read: Rad Tech, Chap. 10 - Everyday
9 Mar 7	Studio time, interface testing
10 Mar 14	<b>Due: Interface Presentation</b>
11 Mar 21	<b>No class - Submit final paper to D2L</b> <b>Due: Reaction #3</b>

# POLICIES & EXPECTATIONS

## Guidelines for Class Behavior

- Be professional. Treat this class like a job.
- Be respectful towards others. Listen when others talk and share ideas.
- Attend every class. (Communicate with me if you must miss class for any reason, you wouldn't just fail to show up to a job.)
- Arrive on time to every class. Important information is communicated at the very beginning of class.
- Food and drink during class is ok.
- Keep your phones in silent mode, in your bag or pocket, and no texting in class. If you have a need to be available by phone (sick relative, etc.), please let me know.
- If you are not taking notes or viewing other class materials on your laptop, it should be closed. If you are found using your computer for purposes other than this class, you may lose the privilege to use your computer during class.
- Be engaged in class discussions and workshop activities, your participation grade depends on it:
  - Participate with enthusiasm
  - Show genuine effort to cooperate with others
  - Show leadership and take initiative in group efforts
  - Frequently and eagerly offer your thoughts, perspectives, and responses to instructor/classmates
  - Make contributions that reflect excellent preparation (i.e., complete required reading)
- Practice professionalism
  - Communicate (face-to-face, emails, etc.) with the professor and fellow students in a professional and appropriate manner
  - Use body language (ex., eyes, posture) that shows active listening during instructor/student presentations
  - Be careful not to distract others (socializing, sleeping, leaving early or during class, reading unrelated material, doing homework for another class or wearing inappropriate attire);
  - Be respectful towards others

## Attendance

Students are expected to attend each class and to remain for the duration. Attendance will be taken. **Coming 15 minutes late or leaving 15 minutes early constitutes an absence for the student.** *Three absences for any reason, whether excused or not, may constitute failure for the course. Communicate with me if you must be absent or late for any reason.* Students are individually responsible for material they may have missed due to absence or tardiness. Please notify me in advance if there are any special needs.

## Late Assignments

Late assignments will be accepted only if you **(1) contact me before the due date** with an explanation, and I find the explanation acceptable, **(2) you turn in the assignment within three day extension.** After the three day extension, you will receive a 0 on the assignment unless other arrangements have been discussed.

**If you do not communicate with me at all within 24 hours of the due date, I will NOT accept the assignment and no credit for the assignment will be given.** My policy is intended to encourage communication with me regarding any difficulty handing the assignment in on time.

Please be sure when uploading assignments to D2L that the file has uploaded to the Dropbox. I will not accept the excuse that 'I thought I uploaded it, it must not have gone through'. If you have trouble uploading, please contact me.

Late assignments may not have comments or reviews included.

## Group Assignments

When working in groups, you are responsible for communication outside of class within your group. It is your responsibility to be proactive in reaching out to group members and working together to complete assignments. When a group assignment is handed in, it is assumed that the work represents the final deliverable for the whole group. The entire group should review the assignment before it is handed in. If your group is having trouble communicating and/or working together, please contact me as soon as possible to resolve issues.

## Incomplete Grades

An incomplete grade is a special, temporary grade that may be assigned by an instructor when unforeseeable circumstances prevent a student from completing course requirements by the end of the term and when otherwise the student had a record of satisfactory progress in the course. CDM policy requires the student to initiate the request for incomplete grade before the end of the term in which the course is taken. Prior to submitting the incomplete request, the student must discuss the circumstances with the instructor. Students may initiate the incomplete request process in MyCDM.

- All incomplete requests must be approved by the instructor of the course and a CDM Associate Dean. Only exceptions cases will receive such approval.
- If approved, students are required to complete all remaining course requirement independently in consultation with the instructor by the deadline indicated on the incomplete request form.
- By default, an incomplete grade will automatically change to a grade of F after two quarters have elapsed (excluding summer) unless another grade is recorded by the instructor.
- An incomplete grade does NOT grant the student permission to attend the same course in a future quarter.

## Withdrawal

Students who withdraw from the course do so by using the Campus Connection system (<http://campusconnect.depaul.edu>). Withdrawals processed via this system are effective the day on which they are made. Simply ceasing to attend, or notifying the instructor, or nonpayment of tuition, does not constitute an official withdrawal from class and will result in academic as well as financial penalty.

## Retroactive Withdrawal

This policy exists to assist students for whom extenuating circumstances prevented them from meeting the withdrawal deadline. During their college career students may be allowed one medical/personal administrative withdrawal and one college office administrative withdrawal, each for one or more courses in a single term. Repeated requests will not be considered. Submitting an appeal for retroactive withdrawal does not guarantee approval.

College office appeals for CDM students must be submitted online via MyCDM. The deadlines for submitting appeals are as follows:

- Autumn Quarter: Last day of the last final exam of the subsequent winter quarter
- Winter Quarter: Last day of the last final exam of the subsequent spring quarter
- Spring Quarter: Last day of the last final exam of the subsequent autumn quarter
- Summer Terms: Last day of the last final exam of the subsequent autumn quarter

### Changes to Syllabus

This syllabus is subject to change as necessary during the quarter. If a change occurs, it will be thoroughly addressed during class, posted under Announcements in D2L and sent via email.

### Online Course Evaluations

Evaluations are a way for students to provide valuable feedback regarding their instructor and the course. Detailed feedback will enable the instructor to continuously tailor teaching methods and course content to meet the learning goals of the course and the academic needs of the students. They are a requirement of the course and are key to continue to provide you with the highest quality of teaching. The evaluations are anonymous; the instructor and administration do not track who entered what responses. A program is used to check if the student completed the evaluations, but the evaluation is completely separate from the student's identity. Since 100% participation is our goal, students are sent periodic reminders over three weeks. Students do not receive reminders once they complete the evaluation. Students complete the evaluation online in CampusConnect (<https://campusconnect.depaul.edu/>).

### Academic Integrity and Plagiarism

This course will be subject to the university's academic integrity policy. More information can be found at <http://academicintegrity.depaul.edu/>. If you have any questions be sure to consult with your professor.

### Academic Policies

All students are required to manage their class schedules each term in accordance with the deadlines for enrolling and withdrawing as indicated in the [University Academic Calendar](#). Information on enrollment, withdrawal, grading and incompletes can be found at: <http://www.cdm.depaul.edu/Current%20Students/Pages/PoliciesandProcedures.aspx>

### Civil Discourse

DePaul University is a community that thrives on open discourse that challenges students, both intellectually and personally, to be [Socially Responsible Leaders](#). It is the expectation that all dialogue in this course is civil and respectful of the dignity of each student. Any instances of disrespect or hostility can jeopardize a student's ability to be successful in the course. The professor will partner with the Dean of Students Office to assist in managing such issues.

### Resources for Students with Disabilities

Students who feel they may need an accommodation based on the impact of a disability should contact the instructor privately to discuss their specific needs. All discussions will remain confidential.

To ensure that you receive the most appropriate accommodation based on your needs, contact the instructor as early as possible in the quarter (preferably within the first week of class), and make sure that you have contacted the Center for Students with Disabilities (CSD) at: [csd@depaul.edu](mailto:csd@depaul.edu).

Lewis Center 1420, 25 East Jackson Blvd.

Phone number: (312)362-8002

Fax: (312)362-6544

TTY: (773)325.7296

### Visit the Writing Center

Consider visiting the Writing Center to discuss your written assignments for this course. Writing Center Tutors are specially trained undergraduate and graduate students who can help you at any stage of your writing project. They can help you focus and develop your ideas, review your drafts, and polish your writing, as well as answer questions about grammar, mechanics, style, and citation.

You may schedule appointments on an as-needed or weekly basis. In addition to Face-to-Face appointments, the Writing Center also provides Written Feedback by Email and Online Appointments. Be sure to schedule your appointment with enough time to think about and incorporate the feedback you'll receive. Bring/upload your assignment handout and/or any other relevant materials to your appointment.

### How do I schedule a Writing Center appointment?

To schedule a Face-to-Face, Written Feedback by Email, or Online Appointment, visit [www.depaul.edu/writing](http://www.depaul.edu/writing). You can also call one of our offices: (312) 362-6726 (Loop Office, 1600 Lewis Center) or (773) 325-4272 (LPC Office, 250 McGaw Hall). When possible, the Writing Center accepts walk-in requests, but it's always a good idea to schedule your appointment ahead of time. You may schedule tutorials on an as-needed basis or as weekly standing appointments up to 3 hours per week. All Writing Center services are free to the DePaul community.

### Preferred Name & Gender Pronouns

Professional courtesy and sensitivity are especially important with respect to individuals and topics dealing with differences of race, culture, religion, politics, sexual orientation, gender, gender variance, and nationalities. I will gladly honor your request to address you by an alternate name or gender pronoun. Please advise me of this preference early in the quarter so that I may make appropriate changes to my records. Please also note that students may choose to identify within the University community with a preferred first name that differs from their legal name and may also update their gender. The preferred first name will appear in University related systems and documents except where the use of the legal name is necessitated or required by University business or legal need. For more information and instructions on how to do so, please see the Student Preferred Name and Gender Policy at <http://policies.depaul.edu/policy/policy.aspx?pid=332>
