Changes to Syllabus

This syllabus is subject to change as necessary during the quarter. Depending on time factors and guest artist opportunities, the assignments projected for the term may require slight alteration or rescheduling.

If a change occurs, it will be addressed during class or posted in News in D2L.

Attendance is mandatory. An absence is defined as not showing up for class, or showing up 15 minutes or later without notice. Any unexcused absences, late arrivals or early departures will result in a reduction of the attendance/participation grade.

Assignments – Assignments must be completed by the due date as indicated in the syllabus. Late work will not be accepted without prior consent of the instructor.

Screenings – Film screenings and assignment screening discussions are an integral part of the course participation grade. Selected films will be analyzed for specific conceptual and stylistic choices. We will apply the same standards to the analysis of group projects. Be open to being challenged and honest as there will be differing ideas and points of view expressed. These discussions are important in the development of your ability to collaborate.

Equipment Use Policies – Policies for checking out equipment and reserving the CDM "Stage" are posted on the D2L Course website. A list of equipment used in this class is also provided.

School Policies

Online Instructor Evaluation: Evaluations are a way for students to provide valuable feedback regarding their instructor and the course. Detailed feedback will enable the instructor to continuously tailor teaching methods and course content to meet the learning goals of the course and the academic needs of the students. They are a requirement of the course and are key to continue to provide you with the highest quality of teaching. The evaluations are anonymous; the instructor and administration do not track who entered what responses. A program is used to check if the student completed the evaluations, but the evaluation is completely separate from the student's identity. Since 100% participation is our goal, students are sent periodic reminders over two weeks. Students do not receive reminders once they complete the evaluation.

Email: Email is the primary means of communication between faculty and students enrolled in this course outside of class time. Students should be sure their email listed under "demographic information" at <http://campusconnect.depaul.edu> is correct.

Academic Integrity Policy: This course will be subject to the academic integrity policy passed by faculty. More information can be found at <http://academicintegrity.depaul.edu/>

Plagiarism: The university and school policy on plagiarism can be summarized as follows: Students in this course should be aware of the strong sanctions that can be imposed against someone guilty of plagiarism. If proven, a charge of plagiarism could result in an automatic F in the course and possible expulsion. The strongest of sanctions will be imposed on anyone who submits as his/her own work any assignment, which has been prepared by someone else. If you have any questions or doubts about what plagiarism entails or how to properly acknowledge source materials be sure to consult the instructor.

Incomplete: An incomplete grade is given only for an exceptional reason such as a death in the family, a serious illness, etc. Any such reason must be documented. Any incomplete request must be made at least two weeks before the final, and approved by the Dean of the College of Computing and Digital Media. Any consequences resulting from a poor grade for the course will not be considered as valid reasons for such a request.
