If you have any personal or medical issues, you must contact the Dean of Students. Being late to class 2 times counts as one absence.

Note: will arrange to meet with me directly instead of at normal class times throughout the year

The final class is mandatory. This is your final critique, and you must attend, or your participation grade will be lowered 5 points.

No incomplete grades allowed unless you apply to the Associate Dean before the 10th week of classes. You will be asked to provide proof of circumstances beyond your control.

### **Software, Supplies, & Facilities:**

Students will use DePaul University Software per their creative needs, such as TV Paint, Adobe Creative Suite, and Maya. Will edit with Adobe Premiere, Encore, and Media Encoder. Additional editing and sound recorded may be introduced per students' level of completion.

### **Weekly Schedule – Tentative**

### **Cell Phones & Laptops:**

Focus on Final Capstone Work above all. Do not work on outside class assignments.

Do not use cell phones, ipads, or lap tops in the class - it is distracting. You can take notes on devices during lectures, but not during critiques or during screenings. Repeated use of laptops or texting will result in a warning; repeated warnings will substantially lower your participation grade.

### **Online Teaching Evaluation:**

Student teaching evaluations are conducted near the very end of the quarter. All evaluations are anonymous. This is a valuable and constructive tool in creating a better classroom experience for future students. A short break will be made available sometime during the last 2 weeks for the students to complete their evaluation – the instructor will not be present for this (Although donuts are usually provided). Submissions should be sent through Campus Connect.

**Email:**

Please email if you have any questions, or need any help during the quarter. Do not leave a message on my office phone; it is impossible to retrieve messages outside of the building. I will respond to emails right away. You should feel justified in scheduling time to see me outside of class time; I can give you more individual attention and input. It is not a good idea to try and see me just before or just after class – I am usually very busy prepping for the next class. There are also graduate student tutors available to assist in tech issues; schedule through the CDM home page.
